- All information about the CSC Summer School - Directing are published on the official website of Fondazione Centro Sperimentale di Cinematografia www.fondazioneesc.it.

Course objectives

The objective of the course is to acquire the skills and working methods in direction of actors and filming of a dialogue scene.

Didactic program

The course will be divided into 3 phases.

A first phase of 5 online meetings, during which the themes of the actor's direction and the filmic realization of a dialogue scene will be addressed with the teachers.

During the second phase, students will be present. During the first week they will be engaged in teaching activities in the morning to prepare the filming of their exercise under the guidance of teachers, and in the afternoon in casting and meetings with students of the CSC Summer School - Cinematography. The

second week will be entirely dedicated to filming. The class will be divided into two mini-teams, which will have 5 hours to shoot the scene, with the support of students of the Cinematography course, and young professionals in other technical departments.

One morning will be dedicated to a visit to Cinecittà, followed by the meeting with a great master of Italian cinema.

Outcoming occupational profile

Competence in film direction and direction of actors.
